2. Pilots shall be provided discounts and be eligible to participate in programs (e.g., ESPP, tuition reimbursement, LifeWorks), to receive Company service awards and to maintain membership in the FedEx Credit Association, so long as these discounts, programs and awards are maintained and continue generally for all full time Company employees and/or their families. This paragraph does not apply to programs within the scope of this Agreement.

J. Jumpseats

1. To the extent permitted by law or regulation, pilots shall be given access to Company jumpseats on terms no less favorable than those provided in the Company jumpseat policy effective January 25, 1998, and included in the PBB. Procedures for booking and other provisions governing access to Company jumpseats shall be as provided in that policy.
The Company shall consult with the Association before approving or terminating any reciprocal jumpseat agreements with other carriers.

Jumpseat abuses discovered by flight crews shall be reported through the Association's Jumpseat

Committee chairperson and a response to the result of the inquiry shall be returned to the committee chairperson.

2. A pilot may use a Company ~~staging jumpseat~~ Booking Priority 4 (BP4) status to position ~~himself~~ to base to start the pilot's ~~base for the start of the pilot's scheduled trip~~ or other activity in accordance with the following:
 - a. The period beginning at scheduled showtime of a pilot's ~~inbound jumpseat~~ Company jumpseat, or ticketed commercial air travel purchased through the Company's travel vendor or in extenuating circumstances bought a commercial ticket by other means (TCAT), and ending 30 minutes after the scheduled termination of the pilot's first duty period must be less than 13:30.
 - b. There must be at least 1:~~30 hours~~ 00 hour between the scheduled block-in of the ~~inbound~~ Company jumpseat or TCAT and the showtime of the pilot's trip: or other activity (e.g., reserve availability period)
 - c. A pilot shall notify CRS at the first indication that a bump, cancellation, reroute or delay of the pilot's ~~inbound~~ Company jumpseat or TCAT may prevent the ~~pilot~~ pilot's timely report (e.g., from checking in by the pilot's trip's scheduled showtime).
 - d. If a pilot positioning to ~~the pilot's~~ base on a Company jumpseat or TCAT consistent with the provisions of this paragraph cannot timely report to work (e.g., by showtime for a trip) due to bump, cancellation, reroute, or delay of the pilot's ~~inbound~~ Company jumpseat or TCAT, CRS may remove the pilot without pay. If a pilot is removed under this paragraph, the pilot shall be eligible for make-up (and shall not be eligible for substitution). There is no discipline associated with the removal if the pilot followed the parameters described above. When a TCAT is used, it is the pilot's obligation to have a demonstrable and reasonable back up plan (e.g., itinerary includes most direct routing and not the last frequency).
 - e. The provisions of Section 26.J.2. are predicated upon the premise that time spent on a pilot scheduled Company jumpseat is not accrued duty time under this contract or the FARs. Should the Company be required to consider time spent on a pilot scheduled Company jumpseat as accrued duty time, Section 26.J.2. shall become null and void immediately.
3. Cockpit jumpseats on international flight legs over 4 block hours shall not be eligible to be reserved by Company jumpseaters without concurrence of the Captain, or in the event the Captain proves unavailable, then by another member of the flight crew who is available.

- b. If no agreement has been reached within 30 days following commencement of conferences, a non-disciplinary panel of the System Board shall be convened as provided in Section 21 for the purpose of establishing whether that equipment shall be considered a wide-body, narrow-body, or some new category of aircraft for the purposes of pay, notwithstanding the provisions of Section 21.A.4. (Jurisdiction of System Board).
 - c. The decision of the System Board shall be incorporated into this Agreement by reference. If the Company has placed the aircraft in service at a designated rate of pay before the System Board issues its decision, then the rates of pay determined by the System Board shall be applied retroactively.
 - d. The provisions of Section 31 of this Agreement shall not prevent the operation of Section 26.K.

The parties shall attempt to use John LaRocco as the neutral arbitrator. If Mr. LaRocco is unavailable, the parties shall select the neutral arbitrator from the panel of arbitrators empowered to hear administrative grievances pursuant to Section 20.
 - ii. All statements made and proposals produced by the parties during the 26.CC.4.b. 30 day period will be considered inadmissible in the ensuing interest arbitration.
 - iii. All issues subject to interest arbitration under this provision must be included in a single arbitration. Section 26.CC.1., 2., and 3. shall not be “issues subject to interest arbitration.”
 - iv. A decision on all issues shall be issued within 30 days of the final hearing day.
 - v. The arbitrator will choose the full position of one party. The arbitrator will not have the authority to decide on an item-by-item basis.
 - vi. The decision of the arbitrator shall be final and binding upon the parties.
- d. For monthly bid period packages which are published after the implementation of a new Section 26.CC.3.a. requirement, and for which bidding closes prior to a resolution being agreed upon pursuant to Section 26.CC.4.b. or c., a pilot who is then awarded a trip for which the pilot’s status as reflected in Company records indicates the pilot has not met the Section 26.CC.3.a. requirements, shall be removed from that trip and eligible for substitution (for regular lines, the pilot will be removed from the impacted trip during the Conflict Processing Window after VAC, TRN, and minimum day off protection conflicts have been resolved; for secondary lines the pilot will be removed after the closing of the SWW but prior to open time release). The Section 25.H. and related provisions shall be applicable, except for those related to OTP elections and rejections of SUB assignments, which are inapplicable. The pilot may not elect OTP when SUB eligible, and shall be considered as having “accepted” a valid substitution assignment when “offered.”
- Example: The monthly bid for April is published on March 7 (closing on March 12). On March 9, the Company implements a required vaccination. For the March and April bid periods the Section 26.CC.4.a. provision will apply. For the May and subsequent bid periods, Section 26.CC.4.d. will apply.
- e. For the purposes of Bid Line Adjustments (including View/Add window), optional assignments (e.g., DRE, VLT), and reserve assignments, a pilot who does not meet the Section 26.CC.3.a. requirement will not be awarded/assigned a trip that includes that requirement.

[Application Note: Section 26.CC's use of "vaccination" is understood to include inoculations.]

[Application Note: Section 26.CC. does not limit any rights afforded under Section 15.]
